[Obama Passes The Fiscal Buck](#)

Posted by: [Staff](#) in [Fiscal Responsibility](#) on Apr 5, 2009

By now, you know that the fiscal insanity that is President Obama's budget spends too much, taxes too much and borrows too much. [Did you know that it also passes the buck?](#)

President Barack Obama boasts that he'll reduce spending on key domestic nondefense programs to their lowest levels since the 1960s, but he and Democrats in Congress are on a spending spree not seen since then.

When does Obama promise savings?

What Obama didn't say is that, under his budget, that low percentage won't be reached until fiscal 2019. ***Even if Obama serves two terms, fiscal 2019 won't begin until nearly two years after he leaves office.*** *(emphasis added)*
